

Saloni Singh

Software Engineer

As a software engineer, I am eager to bring my passion for technology and problem-solving to real-world projects. With foundational knowledge in programming languages, algorithms, and software development, I am excited to contribute to a dynamic team.

- Optimized for seamless performance across devices.
- Added a search bar for easy product navigation.
- [Project Link](#)

Age Calculator

- Developed a fully responsive age calculator for age calculation.
- Designed for a smooth user experience across various devices
- Utilizes logical algorithms for age calculations based on user input.
- [Project Link](#)

WORK EXPERIENCE

Web Development Intern

OctaNet (Remote)

Description

- Designed and implemented websites using frontend tools
- Gained hands-on experience with web frameworks and tools
- Utilized version control systems like Github for efficient project management.
- Collaborated in a team environment on various web development projects

SKILLS

HTML

CSS3

C++

Python

Javascript

SQL

Bootstrap

Data structures and algorithms

VS Code

GitHub

MS Office

Web Development

ACHIEVEMENTS

LeetCode

Earned 5 badges for completing challenges and coding assignments on LeetCode.

Geeksforgeeks

Earned prize money 3500 INR from GeeksforGeeks for article publications.

Problem Solving

Proficient in identifying and analyzing complex problems, with over 100 challenges solved on GeeksforGeeks and LeetCode, and a rating of 1426 on CodeChef.

CERTIFICATES

C++ by CodeChef

Certificate of Completion: I have successfully completed all lessons of the 'Learn C++' course by CodeChef

SQL Certification

Successfully completed the SQL course, demonstrating proficiency in database management and querying from hackerrank.

Python Programming

Successfully completed this comprehensive certification from Google, covering key programming concepts and practical applications in Python.

LANGUAGES

Hindi

Native or Bilingual Proficiency

English

Full Professional Proficiency
